

RACE PROGRAM ON LABOR DAY

Fastest Drivers in El Paso Will Pilot Autos Over Track in Juarez.

The speediest drivers in El Paso will be in action Labor day afternoon when the first event of a happy seven course program is called. All of the races are to be brief ones, which will insure fast work from the very beginning. Besides making the race short, the program will be varied and promises to be the best that has been held in the city.

The first event of the program will be a 15 mile race between four high power machines. A Fiat, a Mercedes, a Buick and a Ford.

Law Gasser will pilot the Mercedes and Billy Adams will pilot the Fiat. The second race will be a 10 mile race.

In the second race, a 10 mile race, the winner will be given a prize of \$100 and a second prize of \$50.

Two good thoroughbred running races and a trotting race are also included in the program.

The first of the trotting races will be a half mile handicap and the second a two mile handicap.

The trotting race will be for three heats, for a purse of \$100.

In the auto and motorcycle races many of the drivers who have figured in the recent past will be in the race.

Keen rivalry has been developed in the previous races and this, together with the shortness of the races, is expected to insure some record races.

The meet will begin at 2 p. m.

PLANS FOR THREE GAMES ARRANGED

Transportation Is Sent Fort Bayard Team For the Trip to El Paso.

Arrangements for a series of games between Fort Bayard of the Copper League and El Paso league teams in El Paso beginning Saturday afternoon and continuing Labor day, were completed by president Paul F. Atkinson of the City League Thursday afternoon.

Transportation was wired Thursday by Mr. Atkinson and the soldiers are expected to arrive in El Paso either Friday afternoon or Saturday morning.

It will be the first time this season that an outside club has played in El Paso. For this reason preparations for a big reception are being made by the local players.

What a world of satisfaction they will have, who anticipate a closely contested series. Fort Bayard, at the present writing, is considered the strongest team in the Copper circuit, having shown wonderful form in the past few weeks.

El Paso's Soldiers. The only weakness of the invaders apparently was the pitching staff. It is a known fact that Fort Bayard has been weak on the twirling and all season, having suffered with a pitching staff of inferior quality.

The recent showing of the team is attributed to the work of Cecil Nettle and five other El Paso players now present on the roster.

In addition to Nettle, Stanley Gray, Ducky Gowan, "Dutch" Nagle, "Chick" Medina, and Howard Hornbuckle, all El Paso players, are now occupying positions in the Fort Bayard lineup.

Especially has been going at fine pace of late. His work in the Silver City series last week, when he won two consecutive games, was one of the features of the season.

In securing the Fort Bayard club, president Atkinson has not neglected the possibility of a return series with one of the Copper League clubs, irrespective of the outcome of the Fort Bayard games.

BOXERS FINISH HARD TRAINING

Fowser and Albert to Rest Saturday in Preparation For Bout on Sunday.

A busy afternoon Friday marked the winding of the training of Frankie Fowser and Louis Albert, the welterweights who will clash in a scheduled 25 round contest at the Juarez arena Sunday afternoon. Both principals put in their training with principals in their respective camps, before arriving here. Saturday will be a day of rest, preparation for the big fight.

The constant work of the past two weeks has put both boxers in top condition and both declare that they are ready for the fight.

Giants Jump Into Lead By Winning

Boston Trimmed Twice By Quakers

HISTORY may repeat and the Giants returned the winners of the 1914 pennant race, but those who have followed the National League struggle closely and know the records of the individual players of the eight clubs believe that George Stallings will drive his Boston Braves under the wire in front.

The club went ahead of the Giants Wednesday by winning a double header, while the Giants were being defeated by Brooklyn. Thursday the tables were reversed, the Giants winning from Brooklyn while the Braves dropped two to the Quakers.

But the supporters of the Boston club believe that Stallings can win. On paper, however, the record of each of his players in comparison with that of the Giants indicates that the Boston team is superior.

That of Melvin, it looks very much as though the Boston team will get into first place before they strike a slump again to the one they were in at the beginning of the season.

George Stallings in driving his team hard to win and if they do win the pennant much of the credit is due to this great pitcher. Stallings has become one of the greatest pitchers in the history of the game.

He took a second division club and whipped it into a pennant contender. Stallings got his first experience as a baseball manager in 1912 when he was the pilot of the San Jose club of the California State League.

In 1913 Stallings went to the Detroit club of the American League and from 1914 to 1915 he was with the Boston Braves. In 1916 he was with the New York Highlanders. In 1917 he was with the Boston Braves.

Frank Farrell owner of the Highlanders, has regretted many times that he let Stallings go. But Stallings and his team have won a pennant and it was either Stallings or Farrell let Stallings go and

FLETCHER WILL REORGANIZE OPERATION OF U. S. FLEET. Washington, D. C., Sept. 4.—Fleet rear admiral Frank P. Fletcher succeeds rear admiral Badger as commander-in-chief of the Atlantic fleet.

The admiral twice has been a member of the general board, has been a student of strategy and tactics for several years, and secretary Daniels has decided to give him an opportunity to put his views into practice.

Admiral Fletcher intends to make the first and fourth divisions, as representing the ends of the fleet, either in column or line, the strongest divisions. It also is his purpose to establish a cruiser division.

To accomplish this the present special service squadron, consisting of the battleships New York and Texas and some smaller vessels, will be disbanded, the battleships joining the main fleet and the other vessels the cruiser squadron.
